

09 Theory

Goal of the week:

Understand how to make and use atmospheric perspective

1. Watch the theory video and try to process the info on your own.
2. There's additional videos about perspective, feel free to watch them
3. After watching the theory, make the following exercise.

Exercise 1 : Choose an image from the "Source files" folder and recreate it. Make use of all the techniques that you have seen: masks, smart objects, gradients, pen tool, ...etc

Save :
